

Europe-wide Innovation in Employment Training

European Disability Employment Practitioner Certificate

- Does your work include placing and keeping people with disabilities in work?
- Are you working in professions such as employment rehabilitation advice, personal advisor work, job counselling?
- Do you want higher skills to help people with disabilities to get work?
- Do you want to improve your work performance and return to work results?
- Do you want disability employment content designed to make your working life easier?
- Can you see the benefits of belonging to a European practitioner network?

Travors2 is a Leonardo Lifelong Learning project funded by the European Commission to develop a European Disability Employment Practitioner Certificate for staff involved in employment rehabilitation. The certificate content will be based on learning needs analyses of staff working across 9 European countries. Department for Work and Pensions (DWP) Training Design: Research Principles and Implementation Guidance and work-based assessment techniques will be integral to the course structure and design.

Benefits include:

- Trainers with practical vocational rehabilitation experience
- Observed assessment of behavioural change
- Practitioner forum
- Industry standards and applicability
- Blended learning options
- European certification
