

Europe-wide Innovation in Client Service Provision

Vocational Rehabilitation Services

- Do you want to develop effective and innovative employment rehabilitation and job retention projects?
- Are you delivering return to work services for people with disabilities or disadvantaged groups?
- Are you an insurer or service provider looking for organisations to accept your referrals in Europe?
- Do you want to improve your return to work outcomes?
- Do you want to join our European Network of associate employment rehabilitation and vocational rehabilitation service providers?
- Are you a UK based service and wanting to provide complementary services?

If you answered yes to any of these questions then you will be interested in knowing more about our direct services:

Network affiliates have been providing vocational rehabilitation services (assessment, planning and case management) to leading industry names for over 10 years e.g. insurers, charities, employee assistance programs, employers, solicitors and Government schemes such as Access to Work. We have working relationships with UK providers of: CBT, EMDR, trauma focussed interventions; vocational, ergonomic, worksite and functional capacity assessments and work focussed counselling services.

Network affiliates have helped to establish successful vocational rehabilitation services for a range of organisations e.g. NHS Trusts and NGO's. We have provided organisation and staff development services including advice on service delivery methods and standards including management information requirements and delivery of VR skills, best practice and employment rehabilitation training.

Benefits include:

- Service set up and staff training by established UK providers
- Established links with employment related organisations in Austria, Czech Republic, Estonia, Greece, Hungary, Lithuania, Slovenia, Spain and Turkey
- Supervision and quality assurance of reports, plans and programmes through experienced practitioners with industry experience
- European access to quality assured practitioners
- Access to certified courses and educational tools for you and your customers
- Links to European practitioner forum and European Journal of Employment & Disadvantage
