

Rehabilitation Network

For **further information** on our current Training and Mentoring courses and programmes please visit www.rnltraining.com

Training and Mentoring: We provide vocational rehabilitation training and mentoring services to a range of customers. Our training services have been delivered in the UK, Europe and Internationally including: training course delivery and joint visits for a large insurance company transiting their staff from Nurse Visitors to Vocational Rehabilitation professionals, mentoring Occupational Health staff as part of their induction package, training courses and case reviews for NHS Mental Health Trust staff moving from sheltered employment to supported employment services, course design for Qantas flight stewards and accredited independent living skills course for people with severe physical disabilities. Versions of our active case management course content are offered in Austria, Greece, Estonia, Spain, Nepal and Uganda

Design and Delivery: Our course design is based on DWP training design guidance and includes: analysis of training needs across key VR practice areas; realistic and useful resources including industry formats and samples, links and research sites; accessible training and assessment techniques including face-to-face, online, video conferencing, report & portfolio review. Skills acquisition approach to teaching, tutor assessment and feedback on key learning points and examples of skill 'mastery', Tutors have proven track records in vocational rehabilitation and job retention service provision. We can provide flexible course content and resources which can be adapted to fit with your customer and internal requirements, assessment and accreditation needs.
